

## Every Pilot's Worst Fear: An Accident or Incident

Hopefully one will never have to utilize the requirements of NTSB 830, but it is necessary that every pilot understands the content of the document. This presentation covers NTSB Reporting procedures, NTSB Definitions, Aviation Accident reviews and so forth. The accidents being discussed will include fuel, performance, weather and operational related accidents.

**Directions:** From I-5, take the 128th St (exit #186), go west on 128th St for approx 2 miles to Hwy 99, 128th St SW becomes Airport Rd, stay on Airport Rd to the Paine Field entrance, turn Left onto 100th St SW and go to the first stop sign, turn left and the street dead ends into our parking lot.

### A message from the National FAASafety Team Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!

The FAA Safety Team (FAASafety Team) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
